

Get it together and consolidate your super

Super Consolidation form

If you have had more than one job, chances are you have more than one superannuation policy – which also means you are probably paying multiple sets of fees.

You have the option of combining all of your super benefits into a single fund, which means you'll pay only one set of fees, receive one set of paperwork, and have more control over your super investment.

However, in some cases consolidation may not be in your best interests. Please refer to the important information below. We also recommend that you speak to your financial adviser before choosing to consolidate your super.

We've made it super easy for you.

If you decide to consolidate, follow these 3 easy steps:

Step 1: Gather your statements

Find your old super statements and get the policy from those statements. If you can't find your old statements, contact your former employers who may be able to help you find the companies that have your old super funds.

Step 2: Fill out the Super Consolidation form

Complete steps 1 & 2 of the form on the reverse side of this page. You can photocopy the form if you have more than one super benefit to consolidate, just remember to sign each form.

Step 3: Send it back to us

Send your completed Super Consolidation form to:

AXA Australia
Reply Paid 14330
MELBOURNE VIC 8001

We'll contact your other super funds on your behalf and consolidate your super benefits into your nominated AXA super account.
